The Don Redfern Memorial Bandstand

The bandstand is an exceptional outdoor civil ceremony space nestled in 23 acres of the Victorian landscaped public park. The river Wye flows behind the bandstand and through the park, which also boasts a variety of wildlife. The area is one of a kind in its area and offers an alfresco style service. Seating up to 65 guests or 90 standing and has its own power supply which allows music to be played throughout the ceremony.

The Conservatory Botanical Gardens

The conservatory offers a beautiful backdrop of colourful exotic plants and is maintained on a regular basis by our own horticulturist. It is a truly individual location which offers a bespoke feel to your wedding. The area holds up to 35 seated guests or 90 standing. No need to hire flowers to decorate your space, the conservatory speaks for itself.

The Octagon Hall

The concert hall, now known as the Octagon, was originally designed by architect Robert Rippon Duke and was opened in 1875. The Grade II listed building is one of the largest 8 sided buildings in Europe. The grandeur of the Octagon is difficult to appreciate until you experience it and therefore we highly recommend viewing it for yourself. Holding up to 500 guests the space could be used to host both a civil ceremony and evening reception all under one roof.

Adjacent to the Octagon Hall is the Octagon Lounge. On a much smaller scale than the Octagon Hall, the area can be utilised Monday to Friday for wedding and evening receptions.

Your wedding coordinator will be pleased to discuss any of the above options and prices.
